It was stated by Senator Judd the day he submitted the bill that he did so by request, and that he believed it would have a material bearing on the disposition of the two bills before the senate for the extension of the street car company's franchise. It was rumored at that time that the bill had been drafted by the governor, which was denied the following day. Senator Judd stated that the judiciary committee would have Mr. Prosser appear before it to explain whatever merits his measure may have.
